

TeamChild 2020 ANNUAL REPORT

THANK YOU TO OUR INVESTORS AND PARTNERS FOR THEIR SUPPORT!

TeamChild works to center youth and break the cycles of exclusion, arrest and incarceration that harm them. Our vision for the future is that young people have power and experience unconditional belonging at school, at home and in their communities.

The whole world turned upside down in early 2020 with the appearance and rapid spread of COVID-19. The movement for racial justice caught fire in our country and intensified our collective attention on the disparities and harm experienced by communities of color. Our staff shifted to remote work by early March, with heightened attention to emerging needs of our clients and their families facing school closures, health access, and housing and job insecurity. We joined community partners in calling for racial justice and committed to deepening our relationships and accountability to those most impacted by systemic racism.

LEGAL SERVICES FOR YOUTH

Our legal services program is driven by our clients and is essential for young people to access housing, employment, and education. Through our direct and holistic representation of youth we address their individual needs while also shining a light on systemic failures and racist policies and practices.

IMPACT OF LEGAL REPRESENTATION

for clients who received full services

- **66%** of youth who were experiencing difficulties with an educational issue (barriers enrolling in school or obtaining an IEP) saw a positive change.
- **70%** of youth with a juvenile offender matter had a better outcome in court.

“I gained somebody that wasn’t just another worker. Not a friend, but someone who connected with me more, who made me feel better and safer. Someone who understood more about the problems I had and who went above and beyond to work with me on my terms and find resolutions.”

FINANCIALS

EXPENSES FY 2019-20 \$2,760,147

INCOME* FY 2019-20 \$3,969,074

*Note that while TeamChild had a strong financial year in 2019/2020, our income numbers were impacted by the implementation of FASB Accounting Standards Codification Topic 606, Revenue and Contracts with Customers, as well as ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. Implementation of these accounting standards resulted in about \$856,000 additional contract revenue booked in 2019/2020 that would have been booked in the 2020/2021 year under the old standards.
